

Workforce Essentials eLearning Library

NDS and etrainu have partnered to bring together a comprehensive library of eLearning assets focused on building the capability of disability services providers to meet the high quality, safe supports and service standards that people using disability services should expect.

Organisations and individuals are invited to access this content under a flexible and cost-effective licensing agreement, offering service providers an affordable solution to sourcing and deploying online training.

A sample of the over 50 eLearning assets included in this library is provided below. For a more comprehensive list please contact **nds@etrainu.com**
